Kiss My Asteroid: Galaxa Warriors (Paranormal Dating Agency Book 14)

Synopsis

**** COMPLETELY STANDALONE **** Discover a brand new race of Alpha males ready to find their mates in a dangerous warrior planet. Sassy women traveling with Gerri Wilder are in for the journey of a lifetime and a mate that will love them through the galaxy. Are you ready? Ivy Grimaldi can't stand change. Ever. But change is something she's had to deal with a lot lately. Like when her cousin Cassandra moved away to start a new life, baby and all. That all changes when Gerri Wilder shows up at her door with a letter from her cousin. Cassie wants her to come visit. Sure, why not? There's just one problem. Cassie lives on another planet. A far-the-heck-away planet, with her hotter than hell shifter mate. Vander Kasval, King of the shifter warrior planet Galaxa, has his own problems with change. A lead by example kind of a king, he's between a rock and a hard place. He needs to find a mate to help put an end to a brewing civil war. None of this would be happening if not for a plague affecting only the females of his planet. His warriors and the men of the Palladian Capitol are ready to riot. Vander reluctantly agrees to send for matchmaker, Gerri Wilder. If she can find a match for him and his men, then his world might be saved. Ivy agrees to go, if only to make sure Cassie's okay. Oh, alright, and to maybe find an intergalactic hookup for herself in the process. In a planet full of big, bad, sexy shifters, anything's possible, right? Ivy's in for the time of her life in a planet of unimaginable beauty and dangers she had no idea existed. But Ivy isn't one to sit idly by and let something happen. With two new friends, they're about to take Galaxa by storm.

This is a fun and exciting read. She is not sure her cousin is doing all right so she's going to take Gerri up on her proposal to go visit her. Gerri wants her to go because she knows something that hasn't come to light as yet. He needs a mate it he wants to find her himself and use Gerri to find mates for the other males on his planet. The woman on his planet are dying and he needs to find out how and why. This is a entertaining and hot suspense. Enjoy I did. This is a fun series.

Can't get enough of this series. Another great addition to the series the story was fantastic. This fast paced story was enjoyable and entertaining had everything you need for a great read intrigued, action, and of course steamy romance. Looking forward to reading the next book in the series. I voluntarily read and review this ARC no minority compensation was received the opinions I have expressed are my own.

Another wonderful addition to this series. I hate that the books are so awesome that you can read them in just a couple of hours. Loved the plot in this one and the great character and scene building. This one also but a whole new twist the the shifter theme. You are able to sink into these books and almost feel like part of the story. Only negative I have is that the endings seem a little rushed.

Gerri Wilder is such a great character and she does well matching shifters/alien shifters with their true mates. I really enjoyed Riley and Henley's personality and how they made great friends with Ivy. I also liked how Ivy didn't let Vander get away from not telling her that he was the King of Galaxa. I am looking forward to read Jag and Riley and Damrn and Henley's story next.

Another great one for the series and as a standalone. Enjoyed getting to know some new characters and seeing some old ones too. Ivy and Vander first interaction was very interesting :) Loved getting to know a new world and look forward to getting to see and know more and excited for the other characters stories

Another great PDA book I hope it's not the last from Millie I really hope she is planning the two more books she has alluded to in this book at least I could read these all day and read each book more than once if you haven't read this series Millie's books then you are missing a very good series

Smart, determined and a whole lot of moxie is what I can say about Ivy. Vander has his hands full then comes Ivy. Follow their story with a couple twists and turns. I highly recommend this book and all the books in this series.

I loved this story, these guys are so hot. Again very funny and entertaining the writing is very humorous, kept me entertained till the very end. Keep them coming please.
