Customer Reviews

Love the book and all information

Great info and pictures to help beginners like me identify. Good value. I bought one for my mom also.

Great book with clear pictures and loads of information- this was a Christmas gift, and it was a hit!

Another helpful guide for my children and I. They have become "rock hounds." This book has great pictures!

I take literally HUNDREDS of 4th - 6th grade students each year to an area rock bar as part of a geology lesson. This book is such a fantastic resource for helping them identify what they have

found. THANK YOU to the Dale and Bob Lynch for making such a great book!
