Goodreads.com Review"Great graphics! Wonderful imagination! Exactly what I wanted in an example of a children's book. Something fun for both the kids and the adults that might be reading it to them." 4 out of 5 stars, Pat Stanford.

The green aliens are on their way in space with their sparkling dancing shoes. Of course, they must
listen to Planet FM on their journey and this is when the flight gets interesting. All kinds of music is
playing much to their delight. From the Kooky to the rowdy and some rock'n roll tossed in.. Cute little
book and the drawings are impressive. All are nicely done and have bright colors which will hold the
attention of the little ones. The author has written this book for ages 4 - 8 (or 3 - 8 as it says in
another location) and grades P - 4. Highly recommended.

A great read and an excellent book. Nice story for any child. My 5yr old son really enjoyed this book.
Well written and well illustrated. A great book to give as a gift. I would recommend this book to
anyone. Sophia P

Very cute and colorful book. Enjoyed the learning pages at the end. Couldn't find the pop ups but it
could be because I am on my iPhone.

My kids had an absolute BLAST making the noises and sounds that came over the radio. The kids
ask to read it at least once a week now!
