Badges Of America's Heroes

Synopsis

This historical volume as told by author, Don Skalsky, includes: -Never told anywhere before...the historical evolution of the American Fire Badge. -Highlighted badges representing the earliest Volunteer Firefighting days as well as many of Americas major metropolitan fire departments -An exhaustive list of current and significant previous fire badge makers. -An in-depth description of how badges are made, the metals used, and their findings. -Contributions from noted American Fire Museums -Badges and narratives contributed by many of the most respected Badge Collectors from all across the nation, depicting many priceless one of a kind badges. -Descriptive pictures of unusual, military, commemorative, one-of-a kind, personal and issued badges all portrayed in full color. -Forward written by Ronny J. Coleman. Mr. Coleman is a noted author, historian, and motivational speaker in the Fire Service as well as an avid badge collector. The book is a large 9 x 12 coffee table edition with 176 all color pages. High-gloss, double-coated paper is used for superior photo reproduction.

Customer Reviews

My hat is off to Don Skalsky for his work in putting this book together. It should be sitting on the shelf of anyone that has more than two badges - one that they wore themselves and one that they have collected from someone else. --Ronny Coleman
Don, my copy came today and you did a fantastic job. I found your formatting, display, information, history, knowledge and creativeness absolutely fascinating. I spent the last two days going over each page. The thing which amazes me

as a collector is two-fold: the number of badges pre-1900s, and the number of absolutely beautiful gold badges. (The sterling silver ones were great also). --Steven W. Knight, M.A. Current Commissioner for San Diego Police Department and Technical Analyst for Long Beach Police Historical Association

Don, Good Book! I really appreciate the in-depth hallmark information. It really is important to have. You really have some nice pieces. Thanks from all of us for the effort. I see it being a must have book for the serious collector. --Steve Palenske, Las Vegas Fire/Rescue

A retired Fire Chief, Don is a noted fire memorabilia collector and badge enthusiast, as his collection spans some 35+ years. He resides in Colorado Springs, Colorado, with his wife Debbie, their two sons - who are both Colorado Springs firefighters - their wives and four grandchildren.

Excellent and a must have resource for anyone into fire badges. Considered the bible of badge collecting it is a one stop reference book.

Received this book for my husband and he is very impressed with the quick mailing and the book is wonderful.

This is a great reference book for the collector of Firefighting Badges. Countless photographs are included from Badges of many U.S. States.

Amazing book, if you collect fire badges or ever need information on one, this is the source. The books list of hallmarks and their origins and dates is worth the price of the book. I use the book as pretty much my only reference for fire badges and I use the hallmark section to date all my badges both police and fire. This book is the Holy Grail for fire badge collectors, I literally refer to it daily.

I recently received my copy of "Badges" and I am very satisfied. Whether the reader is an avid badge collector, an amateur just starting out or a "fire buff" this book is a valuable resource and a great read.
