The Trifecta Secret Of Wealth & Abundance: Align Your Higher Self & You Shall Arrive

Synopsis

Your best life is just one book away. The Trifecta Secret of Wealth & Abundance is an easy-to-follow guide that leads you straight to the life you are meant to live. Each of us has a special purpose, and learning our own unique truth opens us up to receiving the three things we most want and need in life: Health, Wealth, and Love. Many self-help books zero in on one area: how to get rich, or how to get fit, find love, or be happy. But they fall short of the mark simply because of their narrow focus. For, as The Trifecta Secret of Wealth & Abundance clearly illustrates, it is in achieving a balance of love, health, and money that true happiness and plenty are found. Avoiding the usual fluff, this book dives right into the heart of its message. It's straight to the point and offers up substantial information from the very first page to the very end. The truth is that the power lies within each one of us to create our own abundance. So, before we can achieve success in the outside world, we must begin by bringing balance to our inner world. Start your journey today.

Customer Reviews

I enjoyed reading this book, and I felt like the author summarized many concepts well. There were

quite a few errors in syntax and grammar, but this might have just been the Kindle version. The syntax errors made a number of the sentences and paragraphs difficult to read and understand, and I had to read them two or three times in order to get their meaning. Still, there was a lot of good information on this book.

The book was amazing to read and experience. It provides a wealth of knowledge throughout the entire book. The book is well worth what ever you pay. I will be reading this book again

I haven't finished reading it yet, but so far it is OK.

Excellent book. Could not put it down!

enjoy reading

An excellent book with many relevant examples and lots of inspiring quotes. Such a good read and I will probably read it many more times as well.

The Trifecta Secret of Wealth & Abundance: Align Your Higher Self And You Shall Arrive by John Paul Khoury caught my attention because of my own interest in strengthening my connection to my higher self. The Negative Service Of Fear, The Mind: Imagination, Visualize Imaginary Games With The Trifecta, showers of love, and symbols of civilization are some of the various ideas in this book.

I loved this book, and I will re-read it again. It must be edited though, there are many typos throughout.
