Poptropica: Book 3: The Secret Society

Synopsis

In this exciting third installment of the Poptropica series, we find Mya, Oliver, and Jorge in the custody of a secret society whose mission is to protect and preserve Poptropica's mysterious, uncharted island world. These Protectors, as they call themselves, believe that any outside interference with the islands of Poptropica could have catastrophic results on the course of history in the real world. As if things aren't bad enough, Octavian has finally claimed possession of the confounding map, thwarted the society's attempts to capture him, and is determined to alter the time line. The trio must join forces with the Protectors and find Octavian before he can go through with his evil plot, or all of human history might be changed or worse destroyed!

Book Information

Mitch Krpata is a writer and producer for the Poptropica website and the author of the Island Creator Kit. He lives in Boston. Kory Merritt is the co-creator of Poptropica comics and the author/illustrator of the weekly comic strip Brockport, the online comic The Lost Side of Suburbia, and the illustrated series the Dreadful Fate of Jonathan York. He lives in Hammondsport, New York.

Pre-ordered this for the kids in my family who are diehard fans of all the Poptropica books and the video game. I've personally read all the books including this one when it arrived and like how this one focuses on history. The reoccurring themes of the books are history and teamwork - all things I'm happy kids are interested in reading about. Would definitely recommend for kids who are 8-14ish in age

It was one of a pair of Poptropica books given as a birthday gift to a very literate and imaginative granddaughter. If she was happy, I am happy.

My 7 year old daughter LOVES these stories, they're very engaging and she's read each one multiple times.

My granddaughter loves this series, and gobbled it up in one night!

My son is in 3rd grade and loves the poptropica series. Lots of fun.

My son loves this book

A delightful adventure comedy comic.

We have bought the other books in this series and the kids love them. This issue was very well received and they are already waiting for the book coming out in the fall. I guess we will have to pre-order. Great life teaching tool, the author really gets it.
