Peach Blossom Cologne Company With CD

Synopsis

The fourth edition of the Peach Blossom Cologne Company Audit Case contains many new features, most significantly exercises dealing with the audit of internal control over financial reporting. Optional exercises simulate the planning phase of a real audit, including preparation of an engagement letter, completing a time budget, and conducting analytical procedures. In analyzing the potential problems uncovered by analytical procedures, students are required to provide an analysis of risks and a discussion of those accounts that may present potential problems. The optional internal control flowcharting exercises are based on the client's computer system. Two statistical sampling exercises are included: an attributes sampling application and a variables sampling exercise using dollar-unit (PPS) sampling. New to this edition is a table that cross-references exhibits to their related assignments. Additionally, students are provided a CD that contains working paper templates enabling students to complete some or all of the working papers electronically. For those instructors who would like to provide audit programs to their students, a CD containing audit programs is available. Students can use these programs as a starting point for developing their own audit programs.

Jack W. Paul is a professor of Accounting at Lehigh University. He has authored this and another successful audit case for McGraw-Hill (Apple Blossom). He received his Ph.D. from Lehigh in 1978.

Bought this for a class I have. Rented it used. Was missing a few pages, but nothing I needed.
Worked for my needs

I needed to buy this for my masters case study in Accounting. I liked it, but is something that I had to do to pass the class. Hence This is a product that I would've not bought from the goodness of my heart.

worn book

Had to used it for auditing class. It's ok, but professor made us go at fast pace. Hope you are more lucky.

I am very pleased with this book. I used it for school. It arrived in very good condition. The price was great.

I got the product fast and in great condition. The only complaint I have is that after I bought it I found it for half the price in several places so the price was a little bit steep. Other than that shipping was prompt and the condition of the book is superior!
