the world's most detailed three view reference diagrams visually describe all of the most important aspects of each warplane

Actually I never saw the book. I bought it for my son who enjoys reading about military aircraft and he tells me it is the best book he owns now.

I have purchased several of this book for gifts.....Everyone love them.....

Grandson loves it

Awesome book..... Very well made with plenty of illustrations...

Bought this for my nephew and he loves it

so many photos and detail.

This is a big book. Filled with lots of color pictures and info on Military Aircraft. You can get it for a very reasonable price too. If you like planes you will enjoy this book.
