Wait...what's this all about?? They say you never really know anyone. It's probably true, but it hasn't stopped people from trying. The real question is: how many of us really know our friends? Our lovers? Our family? We may (or may not) know their favorite foods, who the love of their life is, and what their top three movies of all time are. But do we know their hearts? Their deepest fears? What pizza topping they'd choose if they could only pick one? The Ultimate Get to Know Someone Book is part quiz, part ice-breaker, and part autobiography. Readers are encouraged to write their answers in the spaces provided, wait a few months, and come back to see if their answers have changed. While often this book will serve as a way to learn your friends' and family's likes and dislikes, it can just as often be a useful self-guide. So which way will you use it? To test your friends? To nail down their habits, their life goals, and their favorite style of taco? Or...Will you sit in a quiet spot and ask yourself important questions, such as: which historical figure do you want to fight to the death? It's all in good fun. But it's serious, too. Because sometimes the someone in The Ultimate Get to Know

Someone Quiz is you.

J Edward Neill is the creator of the Coffee Table Philosophy series, spanning 12 books and more than 1,200 questions. He's also the author of sci-fi hit *A Door Never Dreamed Of*, the *Tyrants of the Dead* series, and the creepy novella, *The Hecatomb*. J Edward became obsessed with writing fiction in early 2001. On one bitterly cold morning in the lowest corridor of his cubicle, he set fingers to keyboard and began hammering away on what would become a much larger project than he ever imagined. Since that day, he's spent nearly all his free time lost in his daydreams, conjuring ways to write the kind of stories he always loved as a child. J Edward currently lives in the 'burbs of North Georgia, where he sips way too much pinot noir. Look for him at his websites, TesseraGuild.com and DownTheDarkPath.com.

I bought this book and when it arrived my wife and I asked each other the questions. I found out that after 28 plus years of marriage, I didn't know everything about my spouse. Great book to start conversations and in some case arguments (not serious ones) with your partner. Buy for a friend and then sit back and watch the fun.

What a fun and wicket booklet great conservation piece . Provocative and funny.Love the way Edward thinks
