Customer Reviews

For the sake of full disclosure, my husband and I have been touring vineyards and Chateaux/wineries with the author for nearly 10 years. This book is a perfect reflection of her

command of the facts, her love of wine and the region of Bordeaux and her ability to share her knowledge and passion in a most appealing way. My enthusiasm for exploring the "lesser-known" wines of Bordeaux has been rekindled. I'm delighted that Wendy is planning another book!

An excellent intro to Bordeaux and its wine. A must read for anyone coming to the region.

Really enjoyed this book. It's just what I was hoping to get when I ordered it.

I found this to be the perfect hand book for everyone interested in wine. Whether an expert or a beginner like me - this little book is packed with information, facts and stories. Lucky enough to have accompanied Wendy on an outstanding wine tour, the book is what I would have expected: professional yet approachable. It is written in a concise and succinct way, yet every page brimming with her expertise and extensive knowledge which can only be acquired after years of living the Bordeaux life. I know that I shall not only be regularly referring to it, but I plan to buy many copies for all my friends. Great book to gift.

Fun and informative , a must for people who want to learn a little bit more about Bordeaux .
