Excellent ole family recipes

i love this cookbook.

A few of these recipes have promise, but for the most part, the recipes seem to be made by people who have no clue as to what true cajun food taste like. I'm a cajun and I would not even attempt some of these.

I recently got a copy of this cookbook and was very pleased with the product. The recipes are authentic and easy to cook. It would be a great addition to anybodies kitchen.
