Charles R. Swindoll has devoted his life to the clear, practical teaching and application of God's Word. He currently pastors Stonebriar Community Church in Frisco, Texas, and serves as the chancellor of Dallas Theological Seminary. His renowned Insight for Living radio program airs around the world. Chuck and Cynthia, his partner in life and ministry, have four grown children and ten grandchildren.

I really enjoyed this book and all of the illustrations it provides. There is a lot of wisdom in this book, and a lot of stories to really bring out the truth of the Bible. The book is very well organized with many headings (e.g. forgiveness, love, wealth, etc.) so it is easy to find something pertinent to whatever topic you are after. Really helps to illustrate in writing or public speaking. Some drawback I found were: some sections really didn't have illustrations I would ever use, either because they are dated or too long. There are also a great number of illustrations involving anecdotes from Swindoll's own life. Don't get me wrong, the author is great, but it gets old fast when in your illustrations you frequently reference events that happened in someone's life other than your own. Overall, a great book of illustrations.

To me this is a "Gold Mine" It is a book that you want to pull out daily a read a little to make your day. I love it and have purchased several for gifts and everyone who has received this gift, have loved it.

All Chuck Swindoll's stuff is worth the purchase. This has been a great help in getting that right illustration or quote for a message.

I have found this to be a great resource when putting together messages for use in Lay Speaking. The variety of subjects covered as well as the variation of illustrations within a subject enhance its value. Whether you're looking for a story, phrase, or quote you have a good chance of finding it. I would recommend this to anyone involved in frequent public speaking. It also makes a great personal read even if you have just a few minutes and want to be encouraged, uplifted, or simply entertained.

The book was nice package. Thank you

Received book in excellent condition and am enjoying every minute of it. Thank you.

I like this book, but I wish it had a topical reference list and a scriptural reference list in the back.

My husband just loves this book, he has bought several to give away. I have reads parts of it and I really enjoy it too. Thanks for the great service.
