Customer Reviews

"The Let's Learn Japanese Kit is a very helpful aid when starting to learn Japanese. Whether you're a child or an adult. It's also a fun kit to use together with your children." A Mum Reviews blog "The kit is aimed at children from the ages of 4 and up; which seems right on track, and it can be used either for individual lessons or for groups, which makes this a very flexible option for everyone." Castle View Academy blog "The book mixes real photos and items with illustrations and cartoon characters so it's not 'dry and boring' for a child's first experience in art history. I would highly recommend that this book be taken along when you visit a museum of Asian art." Castle View Academy blog

Very disappointed that the audio cd is BLANK or unreadable.

CD doesn't help, hardly plays. Very basic, beginner level. Doesn't teach sentences or phrases.
