Customer Reviews

I just recently downloaded this Mediterranean diet cookbook because I saw there are quick and easy recipes so decided to scan and I am pretty impressed with the recipes here. Though it says that this is good for someone who is in Mediterranean diet but I guess I can also prepare any recipes that I think it's good and delicious. Actually, I tried this avocado toast with fried eggs and I am happy I did because of it surely yummy.

These recipes are wonderful, quick, easy and delicious, made with ingredients that are on-hand. What more do you want except more cookbooks from this author! Thanks, Alberto!
