"Roberts is indeed a word artist, painting her story and her characters with vitality and verve." --This text refers to the Mass Market Paperback edition.

Nora Roberts is the #1 New York Times bestselling author of more than 200 novels. She is also the author of the bestselling In Death series written under the pen name J. D. Robb. There are more than 400 million copies of her books in print.

I like all of this author's books and this was no exception. Enough sex and mystery to keep you reading! I'm delighted that the older books are reissued as two novels in one book and available on .I do wish that any book that is part of a Trilogy would be better labeled/highlighted as such by ,so I could order the entire Trilogy at the same time..or at least read them in order!

another pair of great stories from one of my favorite authors nora roberts!! my only comment is that it was a really worn copy, but readable. being a devout reader, to save a good amt of money buying books from used bookstores is a great way to find older books at very cheep costs. being really worn is just something to get used to. most of the books are in great used condition, so a worn copy once in awhile is really no big deal!!

I have just finished the set of Night Tales and have thoroughly enjoyed reading all of them. I enjoying the characters, plots and the suspense. Would recommend this to my family and friends.

I love Nora's stories and have read many of her books over the years. She is one of my favorite authors.

great product, thank you

I wanted the book but it was in the box I returned: since I never opened the box, I didn't know the book was in the box! oops!
