Serious silliness for all ages. Artist Sandra Boynton is back and better than ever with completely redrawn versions of her multi-million selling board books. These whimsical and hilarious books, featuring nontraditional texts and her famous animal characters, have been printed on thick board pages, and are sure to educate and entertain children of all ages.

Sandra Boynton is a popular American humorist, songwriter, children's author, and illustrator. Boynton has written and illustrated more than forty books for both children and adults, as well as more than four thousand greeting cards and four music albums. She has designed for various companies calendars, wallpaper, bedding, stationery, paper goods, clothing, jewelry, and plush toys.

My daughter loves these books. Started off with the going to bed book now we are starting to collect the whole set. They are the hard cardboard material which is perfect and easy for little hands to hold. The text is big and easy to read. And of course big pictures for children to enjoy. Perfect short and sweet bedtime book.

She just can't make a bad book. Our kids love all of them. Get it for your collection.

Not my favorite of her books but still a good addition to my baby's collection. I like that it's short for my 10 month old's short attention span. And it's a good quality board book.

All of these books are great to teach reading. My granddaughter has 11 of them and within a couple weeks learned how to read them. Thank you Sandra Boynton!!

My one and only grandchild loves all Sandra Boynton books, just like his mimi does!

The Sandra Boynton books are my 'go to' baby gift. I purchased this one as a replacement for my grandson though. They are read so often we had to buy another one.

2 year old puts her hands on the page to count their fingers every time and tries to read with me. I'm sure this will be a breakthrough for her in the number game. She's not interested in numbers in any of our other books

I really like Sandra Boynton! Her books are fun for my son to read, but fun and entertaining for me as well! I love the little lessons they teach while having fun! I recommend this and all of her books!
