Customer Reviews

"In terms of comprehensiveness of coverage, the very accessible format, and the enthusiastic tone, this series remains one of the best on the market." —Booklist "Fodor's

super-informative guidebooks are known for accuracy and attention to detail" *The Sacramento Bee* "The Fodor's guides are notable for their ratings of sights, restaurants, shops, accommodations and attractions." *Chicago Tribune* "The great detail, infectious spirit, and attractive format are distinguishing traits of these guides, which are entries in one of the top series in the business." *Booklist* "Fodor's can help you plan the perfect adventure" *The Arizona Republic* "Always thoughtfully written and easily readable, Fodor's travel guides have become a must-have when traveling to unfamiliar destinations" *Mid South Magazine* "Widely recognized as the gold standard of mainstream travel" *Honolulu Advertiser*

Each Fodor's Travel Guide is researched and written by resident experts

Not many travel guides include the smaller islands around Naples, such as Capri, Ischia and Procida. I am currently living in Naples, Italy and this was the primary reason for buying the book. It is also the most comprehensive book on the Amalfi Coast that I have seen. Great section on Positano and Ravello - has comprehensive restaurant list and hotel suggestions. This is a must for the Naples area!

I've been to the Amalfi Coast but I wanted more in-depth information about cool things to do there and great places to stay. One of my favorite little towns isn't even listed--Praiano. I can get much better information from the internet and just make copies of articles I like. Save your money.

I purchased this book for my two-week trip to the Amalfi Coast. It was extremely helpful. A lot of the information contained in the book (suggested restaurants, hotels, or things to do) were things I had already researched online, but it helped to affirm many of my decisions.

Excellent tour guide, perfect if your going to be restricting yourself to Naples and points south. You can find an interesting read if you're doing nothing more than sitting in a Cafe or your living room after you've returned. Can be quite amusing at times - the guide to driving the Amalfi Coast and surviving the experience was quite a hoot. And in fact turned out to be quite accurate.

A little hard to read on an electronic device like an iPad or Kindle. Probably better in book form.

Pretty informative but I think it could have been better organized. It seemed to skip around from region to region and didn't flow.

This book is best suited for people who like a lot of travel details...which was not me. I'm more a Rick Steve's or Frommer's traveler. Just give me the highlights of the places to go and what to avoid. Beyond that, it is a well written book and has adequate maps and recommendations for hotels and restaurants.

Love it. Reading this gets me really ready for this trip. Wish I was leaving today! The info is so specific, great tips on not just where to go, but how to get the most out of your time at each place.
