Druidcraft: The Magic Of Wicca And Druidry

Synopsis

Druidry and Wicca, also known as "the Craft", are the two great streams of the Western Pagan tradition. Both traditions originated in the British Isles, and both are now experiencing a renaissance all over the world, as more and more people seek a spirituality rooted in a love of nature. In the ancient past Druidry and Wicca probably weren't separate. Today, the ways of Druidry and Wicca are starting to merge again, as contemporary readers combine ideas and techniques from both traditions to build their spiritual practice. In this down to earth yet inspiring book, Philip Carr-Gomm offers a name for this Path that draws on the common beliefs and practices of both Druidry and Wicca: Druidcraft. Then, in a series of six lessons, he empowers the reader to follow this practice by showing how anyone can work with its ways: The Way of Blessing – The Way of the Hearth – The ways of Love – The Ways of Healing – The way of the Earth and Her seasons – The Ways of Magic and Spellcraft. Druidcraft draws on the traditions of scholarship, storytelling, magical craft and seasonal celebration of both Druids and Wiccans, to offer inspiration, teachings, rituals, and magical techniques that can help you access your innate powers of creativity and healing, intuition and seership.

Customer Reviews

I purchased the audio book and the kindle version. I have to tell you that of all the audio books I have purchased, this one is my absolute favorite. It is so well done!!! The voices are rich and pure! The music that plays between chapters is so beautiful and perfect! I just love it. I bought the kindle version as well for those times when I can't listen to it and also for quick reference. This book has come into my life just when I truly needed it. Funny how synchronicity occurs like that. :-) So for any of you that were wondering about the quality of the audio book...It is Wonderful! Don't hesitate to purchase the spoken version along with your written version. The audio book is a complete unabridged version of the paperback. So Wonderful to listen to it. The stories in the book take on more meaning for me when listening to them spoken with the rich, clear voices of the author and his lady narrators. Thank you so much for this audio book. It is such a pleasure and a joy to hear!!!

Again, Philip Carr-Comm is the author I look to for the last word on Druidry. His depth of knowledge and his obvious dedication to the Druid way illuminate everything he writes on the subject.

A great book for beginners or novices who want to practice nature-based spirituality in a way that is gentle, intuitive, and re-affirming of one's own views of the world. Would make a good book for a discussion group or class.

Phillip has put to words something many of us have felt for a long time. The worlds of Wicca and Druidry are complete within themselves, but they gain so much more when brought together into a single path. This is an amazingly well written book that is true to the Bardic tradition. I highly recommend it!

The book itself was in perfect condition! The book arrived exactly when I was told it would. The book itself is an amazing book full of good thoughts, history, magic, and great healing energy! Highly recommend the book for anyone who has found themselves between the spiritual paths of a Druid and a Wiccan.

I really enjoy this branch of Druidry and would love to see more points of view concerning its development. It is encouraging that this information is available in various formats.

Another wonderful book by Phillip Carr-Gomm. Great read (and great listen on audio version). Speaks to the heart and soul of those drawn to elements of Druidry and Wicca. Highly recommend it.

This book is short and provides only a brief look at the ways in which druidry and witchcraft beautifully complement each other and can very fruitfully work together. It is designed to be easy to follow for someone unfamiliar with either form of spirituality and is very respectful of both paths and of the beliefs and preferences of the individual reader. It is a lyrical, enchanting and easy read and I love the fact that the practical suggestions it offers require only the most basic tools (e.g. candles and a bowl of water). It combines myth, dialogue, history and practical advice in one satisfying, thought-provoking and accessible read.
