PopOut is the unique, genuinely pocket-sized map which features our patented PopOut fold. It is this innovative design that allows our precise, easy to follow cartography to be right in your hand when you need it most. Moreover, the origami fold means you can do away with that awkward, oversized map, making it a compact and discreet reference tool that doesn't shout "tourist alert"! PopOut was founded in 1993. Having spotted a need to cure what he calls 'Map Stress Syndrome' after watching numerous tourists around the City of Bath, England, battling with oversized maps, founder Derek Dacey recalled the invaluable miniature charts he used during his days as a commercial pilot. Aiming to bring this level of usability to the city map market, a

small team of designers was recruited to realise what would soon become the PopOut. 1993 saw the release of the first ever PopOut Map Bath, which was sold in the gift and souvenir trade across the city. Hot on the heels of this initial success, a research trip to the USA culminated in a redesigned layout, combining strong photo images, high quality printing and laminated covers – standards which are still adhered to today. That research trip also saw the birth of the first US destinations covered in the PopOut range – Boston, NYC, Philadelphia and Washington DC. Launched in the new style in the US they enjoyed instant success in the gift and souvenir trade. Today, PopOut produces over 100 titles for major destinations and is loved by travellers the world over.

I have used several of these maps traveling around Europe and love that they are compact enough to easily carry around with me and pull out whenever needed and have the right amount of information on them to find where I am and where I'm trying to go. So convenient for getting around the city!

This is a very durable map and has all the areas you'll need when visiting Sydney. On our recent trip we were situated in The Rocks, and the map had all the surrounding areas.

To small to be usable on the street. Cute on your desk.

This map is a little smaller than I realized (hard to read) and can't be pushed flat without tearing. The folds are actually perforated, so the weaknesses are in the structure.

Easy to use as always. My favourite guide for walking the cities

Great, compact and very useable

As described. Received on time.
