Customer Reviews

Tracy L. Schmidt worked for several years in the numismatics auction business before joining the Numismatics team at Krause Publications. She has an extensive editorial background in the field and serves as the lead editor for all paper money catalogs.

The catalogue series, which has a new issue for each of the three, continually improve the depth and breadth of the offerings, wonderful pictures and the new edition will have enough price increases in your notes to more than justify the purchase price. There is a market for the catalogue the new edition replaces.

Very accurate, fast shipping, item received safely, highly recommended!!, Thanks

I think the folks at Krause have been "phoning it in" ... virtually nothing updated, mistakes reported to them are not fixed, and increasingly disjointed from the market.

I received a defective copy, printed so light that I find myself using my old 15th edition instead. Returning this is hard for me, so I am stuck.
