Customer Reviews

This is a very simple guide in comparison with earlier Lonely Planet Guides. Lots of information about where to eat, less on where to stay and not that much on walking tours etc which usually are included for the bigger cities in a country. There was not a section on the language - not even on how to say "hallo" and "goodbye" in Finnish. I think the guide would be helpful for my visit but not as helpful as I am used to expect from Lonely Planet books.

Good information but the print is so small that anyone over 45 would need a magnifying glass. I'd like more pictures.

I like this book. Good book to read before a trip to Finland. Also to bring along as a companion to read on transportation. Informative of cities and customs in Finland. I put sticky notes on cities I planned to visit so I could reference them faster. The book is divided into sections of the country. The pages are in black- white and some blue.

Very useful guide and informative

So far, its an easy read, organized where I can find everything I need quickly. Explains

transportation around Finland great !! Wish they had more budget restaurants in Helsinki.

simply did not find it useful

Used on vacation

Great
