Understanding ICD-10-CM And ICD-10-PCS: A Worktext (with Cengage EncoderPro.com Demo Printed Access Card And Premium Web Site, 2 Terms (12 Months) Printed Access Card)

Synopsis

Completely updated to the 2012 ICD-10-CM and ICD-10-PCS coding guidelines and packed with practical applications, UNDERSTANDING ICD-10-CM AND ICD-10-PCS: A WORKTEXT, 2E delivers comprehensive coverage of the ICD-10-CM and ICD-10-PCS diagnostic and procedural coding system. Extremely hands-on, this unique worktext offers an engaging, detailed presentation as well as numerous learning tools for review throughout each chapter. Readers put what they learn into real-world practice through coding assignments and case studies. It is the ideal resource to help healthcare organizations to transition from using ICD-9-CM to ICD-10-CM and ICD-10-PCS.

Book Information

Spiral-bound: 736 pages

Imaging, Nuclear Medicine, and Radiation Oncology. 36. Physical Rehabilitation and Diagnostic Audiology Section. 37. Mental Health and Substance Abuse Treatment.

Mary Jo Bowie is the owner of Health Information Professional Services in Binghamton, New York, which has provided medical record consultative services for various health facilities for more than 25 years. She served as an instructor in Health Information Technology Programs for more than 20 years, teaching such courses as Inpatient Coding, Ambulatory Care Coding, Quality Assurance, Survey of Healthcare, and Computers in Healthcare. Ms. Bowie is now the Health Information Management and Medical Coding program director at Mount Wachusett Community College and an associate professor. She develops all course content within the curriculum, including ICD-10-CM/PCS courses, CPT/HCPCS courses, and introductory and advanced health data courses. Ms. Bowie is a registered Health Information Administrator and an accredited Health Information Technician. She is an active member of the American Health Information Management Association (AHIMA) and is also an AHIMA ICD-10-CM/PCS-approved Train the Trainer. She served on the New York State Health Information Association Board of Directors from 1989 to 1991 and was education director and on the Ambulatory Coding Guideline Committee. Ms. Bowie was the New York State nominee for the National Award for Literacy Contribution to Profession, 1993 and 1994. She is a National and Regional speaker on ICD-9-CM, CPT and ICD-10-CM and ICD-10-PCS, as well as a trusted course writer for Cengage Learning. Ms. Bowie holds an Associate of Arts degree, Bachelor of Science degree and Master of Science degree. She has conducted more than 50 national training seminars on ICD-10-CM/PCS coding.Regina Schaffer is a Reimbursement Educator Specialist for United Health Services in Johnson City, New York. She works with approximately 45 providers educating them on both ICD-9 and CPT coding. Ms. Schaffer also works as a consultant in Binghamton, New York and is an instructor in the Health Information Technology Program at Broome Community College. Ms. Schaffer is an active member of the American Health Information Management Association (AHIMA) and the American Academy of Professional Coders (AAPC), past secretary for the local AAPC Chapter from 2000 to 2002 and is a

frequently requested speaker on ICD-9-CM and CPT Coding. Ms. Schaffer co-authored UNDERSTANDING ICD-9-CM and UNDERSTANDING PROCEDURAL CODING with Ms. Mary Jo Bowie. She is an accredited Health Information Technician, a Certified Professional Coder and holds a Bachelor of Science degree.

I am taking an ICD-10-CM class to get a head start on the new coding guidelines to come into effect (hopefully soon). This textbook has made learning easier than ever. I took a class earlier on ICD-9-CM and really wish this textbook had been used and/or available at that time. Keep up the good work!

My wife is a medical coder. She wants to study for CIC certification (PCS coding), and the available choices seem to be pretty limited. I got her this hoping it would help, as it says "PCS" in the title. Well, it turns out only the last five chapters cover PCS (out of 32), and the book has no answers for the problems, not even the odd ones, which makes it next to useless for self-study.I guess it's not a bad book if you have a teacher with the answer guide, but she doesn't. You might be able to find instruction videos which use this book, but expect to pay quite a bit.

An excellent primer for learning ICD-10! At the end of each chapter are questions covering the material with answers in the back. I used this book and aced my ICD-10 update requirement (AACP).

Gives good training of what to expect in coding simple cases when ICD-10 comes next month.I would have given it five starts but there is no answer key to check your answers; unless there is something I missed.

Great Book!!! Very Helpful & Informative!!! I love it!!!

My class starts on 4-1-2015 can't wait to get started.

This book helped my pass the AAPC ICD 10 proficiency exam. If you can't afford to spend a lot of money this the way to go.

Gives good detailed explanation for my classes
