Rainy Day Poems: Poems For Kids

Synopsis

Hold on to your hats, And get ready to go. Because the rain's just begun, And it's time for the show. The adventures of Sami and Thomas Lamb. 63 pages of fantastically illustrated poems for kids that are sure to capture the reader's attention. Sami and Thomas Lamb will have you laughing in no time with their crazy adventure. Can you find the stuffie on every page? In a small amount of words, poetry paints amazing pictures of the world around and the human experience. Rainy Day Poems makes kids laugh but also brings adults back to those days of not-so-long-ago when kids rode their bikes through town and imagined new worlds and adventures like the poem in A Bridge to Nowhere, or when skipping stones took the place of game controllers and a busy day meant a long afternoon exploring the back yard like in An Epic Poem for Kids. Although times are a lot faster now and fun is had in different ways, parents and kids value, as much as ever, the simple moments in life, sitting down to eat together, a walk in the park, or reading a book. Taking the time to share a favorite collection of poems builds cherished memories that will last a lifetime. Take the poetry challenge and Read a Poem a Day!

Customer Reviews

James McDonald's "Rainy Day Poems" is the rhyming e-book that many others attempt to be, but do not accomplish. To readers who remember the Robert Louis Stevenson's "A Child's Garden of Verses", this collection will be especially interesting. In many ways, it is the modern version of that classic. James McDonald's delightful, imaginative rhymes about childhood experiences - their hopes, observations, and concerns - speak to every child and to the child in each of us. His poems flow smoothly; they are a delight to read aloud. Further, it is easy to read them aloud and to read them with expression. Humor touches many of James McDonald's poems and the subjects will bring a smile to readers and listeners alike. The illustrations are charming; they resemble claymation figures. If you are seeking a delightful, imaginative, and beautifully written collection of children's poems for your e-library, I definitely recommend James McDonald's "Rainy Day Poems".

Not only is "Rainy Day Poems: The Adventures of Sami And Thomas" nicely illustrated & full of imaginative, rhyming poems, but there's a little stuffed animal your child can find in each picture. Sometimes the 'stuffie' is tiny & hard to find, other times it's large & easy to spot. The illustrations are very vibrant on the Kindle Fire HD, but I prefer turning the pages in the 8.5" x 11" paperback. Mainly because the Fire HD separates the illustrations with some of the poetry & the paperback has full page illustrations on each page. (I hope that made sense) Some of the poems had me smiling, chuckling & remembering my childhood 'adventures'. I could almost smell the farm when I read "The Cow Farm." Delightfully illustrated with imaginative, rhyming poems that capture a child's perspective of their day to day 'adventures' & discoveries. I purchased the Kindle version & was provided a paperback copy for an honest, unbiased review.

This is a captivating book. The poems are clever and fun. The art adds depth and continuity to the verse, and makes it feel more like a story than a collection of poems. My oldest daughter is a huge Shel Silverstein fan, so I had high hopes for this book. It delivered. She loves the poems and especially likes that they are accompanied by full size, full color art. Surprisingly, my younger daughter (who usually likes things best if they are pink or feature a princess) loved it as well. She was captured by the need to find the stuffie on every page. On the whole, this is a fantastic addition to our home library and is well suited to any child (or adult) that likes poetry or picture books.

Rainy Day Poems Poems for kids, very colorful photos and such a large imagination. Love sea and the sand castle and the lighthouse are the best. Some pictures are too dark to be able to read the poems.

Very creatively written and arranged assortment of poetry. Fun to read any day whether 1 or 2 at a time or the entire collection. A great mixture of themes from life lessons, to out of the box thoughts to ponder, to simple refreshing humor sure to entertain. Here to stay in our collection of library favorites!

I found this to be a unique and unusual ebook full of rainy day poems for 5he kids 2-9 that I would recommend this for. I received this ebook for free and in return, here is my honest review. such brilliantly painted pictures for this age. group,sGreat job Simon! By Angela

This is a great introduction to poetry for kids and just plain fun for everyone. The illustrations are cute and bright and the topics for the poems are quite diverse. I especially love the surprise ending to "A Snort and a Snore" and the fun description of a child's afternoon in "An Epic Poem for Kids". I gave this to my grandkids for Christmas and think they will enjoy it tremendously.

Love the poems. Love the pictures. The Pictures look like animation. Can't wait for to read them to my grandkids.
