JORGE CRUISE is internationally recognized as the author of six consecutive New York Times best-selling series, with more than six million books in print in over 15 languages.

I love that this is a small book and it is PACKED with information with the S/C count for many things. There is a brief overview of the BFC diet which was enough to get my husband to understand what the diet was all about and WHY it worked. It’s been 3 months and my hubby has lost almost 30 lbs! He did not read any of Jorge’s other books, just this one, and has been very successful. I bought

the original book several years ago and shed all of my baby weight from my second child within a month (it was amazing!) and have kept it off. The tenants are simple: STAY AWAY FROM SUGAR! EAT LIMITED (& HEALTHIER) CARBS!

I am on The 100 right now....Jorge's latest book....I have lost 16lbs in three weeks! His system of sugar and carb counting is simple and it works!BrookeBooks sent me the used book quickly and like new as stated....

Just what I was looking for. A sugar counter to help me watch my sugar/carb intake. Arrived on time and in great condition.

I find this book very through and easy to read. It is a very helpful to guide to help planning meals.

I also received this at the same time as the other book .

Good book. I just couldn't stick to the counting of carbs and sugar.

book is as stated and fast delivery!

I don't like it. It doesn't have any information that we haven't heard all our lives. I recommend not spending money on this book. The methodology is nothing more than repeats of days gone by; no new insight whatsoever. I don't know why it received the attention it has, unless it is just because there is a good publicist.
