# On Law, Morality And Politics, 2nd Edition (Hackett Classics)

## Synopsis

The second edition of Aquinas, *On Law, Morality, and Politics* retains the selection of texts presented in the first edition but offers them in new translations by Richard J. Regan--including that of his *Aquinas, Treatise on Law* (Hackett, 2000). A revised Introduction and glossary, an updated select bibliography, and the inclusion of summarizing headnotes for each of the units--Conscience, Law, Justice, Property, War and Killing, Obedience and Rebellion, and Practical Wisdom and Statecraft--further enhance its usefulness.

Perfect for presenting the core of St. Thomas' teachings on law, morality, and politics.--Charles E. Butterworth, University of Maryland  
The best available selection of texts for the study of Aquinas' natural law doctrine.--Alfonso Gomez-Lobo, Georgetown University

Text: English, Latin (translation) --This text refers to an out of print or unavailable edition of this title.

The way he organizes his arguments is so perfect, and so well done. If you ever want to argue with someone or something, you MUST read this and model after this. On top of that, he attacks some very interesting subjects, and while his answer is usually no, sometimes he'll surprise you with a yes.

For school so it served its purpose.

Arrived on time. Excellent purchase.

love it

I purchased this book for an ethics course and I enjoyed the readings. The introduction of the book gives a fine representation of what is in the context of the readings. I would recommend this product for college courses or if you want to study one of the great philosophers.

Great product! Exactly what I wanted!! A+++++++
