Best Sellers Rank: #2,167,808 in Books (See Top 100 in Books) #56 in [Books > Crafts, Hobbies & Home > Gardening & Landscape Design > By Technique > Topiary](#)

Customer Reviews

This is an interesting book for those of us who enjoy making all sorts of ornamentation out of plants to their great delight in the garden. I like to see what the other people come up with outside of a round ball. It takes a little time and a sharp pair of clippers, but in the end, the results can be amazing. I added this book to my collection and found it interesting to read let alone enjoy the pictures therein. Many of my friends down my street are real pros in the topiary department. They have a cat, a teddy bear, and a giraffe, so I thought I'd try my hand at this art...thus the book. Give it a try and be patient on your first attempt. Perhaps, you, too will get this fine book.

Topiary: In the Garden came in great condition and in a timely manner. I have gleaned many helpful pieces of information from this book. I am very satisfied.
