Customer Reviews

We found these really cool maps that fold down to 3"x3"... for Rome, Venice, and Florence. They are called Pocket-Pilot maps (www.pocket-pilot.info). They are jammed with informative street maps, sites, transportation, etc. yet they are so small they are not cumbersome at all to carry around. And they are laminated.

I have had Pocket Pilot maps for my last few big city trips and they are just superb! Just like Ronseal, they do exactly what they say on the tin. They fit easily in your pocket without additional folding, are laminated for durability and weather proofing and contain just the right level of detail. The few I've had often feature a little public transport map on the back, such as the London Underground for London and the Metro for Paris... very handy indeed. Its a great shame that they no

longer seem to be being printed (certainly not in large quantities that's for sure) so if you can still get hold of one for your destination, grab it while you can!!
