Haunted Legends Of Arkansas: Thirteen Historic Sites In The (Super)Natural State

Synopsis

In these thirteen tales, Layne Livingston Anderson takes the reader on a guided tour of historical sites in Arkansas, focusing on legends passed down through the oral tradition. From the Old Confederate Cemetery in Helena to the Crescent Hotel in the Ozark Mountains— and eleven curious sites in between—Anderson relates the history of Arkansas as you’ve never heard it before. Creeping tombstones, levitating barware, a disobedient elevator, and a riderless tricycle—they’re all here, along with other accounts of mysterious occurrences. Funny and scary, these tales are surefire entertainment for sleepovers, lock-ins, summer camps, and Halloween.

Customer Reviews

Very well written. Highly recommend

I actually purchased this directly from the author during her visit to our local library and it was a joy

to meet an author who so thoroughly enjoys her subject. I'm only 3 chapters in and thoroughly enjoying the book. While Layne does give the haunted history of each of her 13 venues, she gives an extensive and well-researched history of each as well. I learned things about my state capitol I never knew. I honestly hope she does another with more venues farther from her home area of Little Rock. It has made me want to take a trip to my state capitol to see some of the haunted places she has described so well. Seven of the venues are outside the Little Rock vicinity and it is certainly fun to read the history, haunted and otherwise of each historic site she chose.

Don't let the title fool you! Even though the book does delve into the haunted stories behind the thirteen locations covered in the book, almost the majority the chapters deal with the fascinating and well researched history behind each site. I thoroughly enjoyed every chapter, and would highly recommend this book to anyone who is a fan of Arkansas history or the paranormal in general.
