Old Quilts, New Life: 18 Step-by-step Projects Inspired By Vintage Quilts

Synopsis

Old Quilts, New Life features 18 stunning quilts designed by passionate quilter, author, and designer, Sarah Fielke. Sarah has selected 9 beautiful quilts from The American Folk Art Museum in New York and created two designs inspired by each quilt—the first, a sympathetic interpretation of the original piece and the second, a more contemporary creation. Old Quilts, New Life showcases these stunning quilts—each one accompanied by step-by-step instructions so you can create them at home. The book takes you through the history of the quilting tradition and explores the techniques and styles employed by quilters over the centuries. From the beautiful simplicity of an Amish quilt to a pretty pinwheel design, there is a quilt here to suit all skill levels and styles.

Wonderful book. Shows original antique quilt and two options as created by Sarah Fielke. I already have a couple marked for quilts in the coming year.

Rarely is a quilting book inspiring and informative. Sarah is a terrific writer and this book is at home on your lap (with coffee) as on your coffee table and in your sewing studio. I loved the projects - a few more technical diagrams would have helped - and consider this one of the best acquisitions to my quilt library in years.

A good book with some great patterns, but I was hoping for more discussion of Sarah's big stitching quilting techniques. I have her online classes and don't feel this book gave me that much additional information for what wanted. The quilt images are sharp, clear, and inspiring.

Enjoy looking at this book.

I love this book. There are so many quilts that I'd like to make. Definitely a good buy for me.

Fun book to have in your quilting library. Will inspire you to try new things.

Such a fun read! I loved her use of modern fabrics.

Love this book so many great ideas and wonderful pictures!
