Baby/Toddler—This fun book by Bob Marley's first-born daughter, Cedella, pairs her father's beloved song with images that explore the ups and downs of a child's typical day. An adorable preschooler, sporting a Bob Marley T-shirt, shares a message of peace, love, and harmony. Rainy weather, a lonely child in need of comfort, and a baking project gone awry are opportunities for the boy to remind himself and to reassure those around him that "Every little thing/is gonna be/all right." This lyrical and positive board book will strike a chord with worrywarts and loving children everywhere.

"Will strike a chord with worrywarts and loving children everywhere."--School Library Journal

I love this book! I did not intend to purchase it, but the ad made it sound interesting. I am so glad I did. The verses match the melody of the song and are child friendly and appropriate. One example shows a lonely boy watching other children play. The main character invites the boy to play which of course cheers him up. My husband and I sing it to our 22 month old each evening, taking the time to point to the pictures as we sing the verses in the book. She loves this book and will carry it everywhere; in the morning she'll sing the chorus to her stuffed animals and 'read' it to them. The illustrations are absolutely beautiful; even if you weren't familiar with the song, the pictures alone would engage you. While the main characters are black, the book is highly inclusive. I thoroughly recommend this book.

I have been singing "Three Little Birds" to my son since he was born. Now that he's approaching 2, this book is a wonderful extension of something he's been hearing every day. I like that it goes a step beyond the lyrics and teaches lessons about inclusion, friendship, making mistakes, and forgiveness. The illustrations are bright, cheerful, and engaging. I love how there are little references to Bob Marley tucked throughout; you can tell this was his daughter's loving tribute to him. My son and I both love reading this, and he regularly asks for it by name. Beautiful book.

I'm a huge Marley fan and I absolutely love this book! Super cute pictures and it's fun to sing while reading it to my daughter. The art work is great and I love that it's so full of diversity. I'm not a huge fan of the new verses but only because they're hard to sing and I feel like I can't read this book without singing the words haha!

This is such an adorable book. My kids love the original song, so I thought my 3 year old would get a kick out of this book. He does! The words match the melody very closely, unlike some books we've had based on songs where the beat is all messed up. I usually sing this instead of just reading it, and he loves it. Bedtime song and story all in one! The illustrations are really colorful, and my son loves to discuss what is happening on each page (why is the boy sad? what is he doing in the kitchen? etc). Very well done book.

Received One Love as a gift, big favorite. I ordered this book based on Three Little Birds. My granddaughter loves both and knows the songs. Big Bob Marley fans! Each book represents family, unity, cooperation, and understanding. Moral to the story that a little child can grasp. Lovely!

Bought for a baby shower for my Bob Marley loving friend. She actually ended up getting 2. There are very few Bob Marley things on that are for kids so I was very delighted to find this. It very cute and has a great message

This is an excellent book! My 3 year reads it every single night and has memorized all of the words. He loves singing along to it and the illustration is amazing. It was such a great purchased that I purchased additional copies to give as gifts!

Great pictures in the book. My daughter loves reading this book because it makes it easy for her, we sing along
