Joan Leotta is a freelance travel writer for a wide variety of magazines and Web sites including the Washington Post, Family Circle, Selling Power, and Military.com. She is a member of Washington Independent Writers and lives in Burke, Virginia.

This book is proving to be a great asset as we plan our first trip to the area. We are looking forward to having it with us on our summer trip and using it to help us find attractions, places to eat, etc. 100% satisfied! Thank you.

This is primarily organized by county which I find difficult to digest. For example, if I want to know about a decent hotel or restaurant in the Valley, I also have to know what county I'm in.

I bought this book trying to find info about hiking trails. Instead, it seemed to only have limited info about general travel details that seemed to be copied from phone books or simple websites.

Unlike most travel guides, this book is warm and inviting. Almost hostess-like, Leotta leads the reader through the Shenandoah Valley with vivid descriptors of its beauty and the treasures that are hidden there. As the title suggests, this guide is certainly complete-but it is also poetic. The author presents a host of practical things to see and do while carefully rendering an artistic view of the natural wonders that make up the Valley. An excellent travel guide and a great gift for both those who have been there and those who have not had the pleasure yet of exploring the Shenandoah Valley.
