Customer Reviews

"a harrowing account." *Œ* *Œ* *Œ* *Œ* •The New York Times

John Coast (1916-1989) *Œ* was *Œ* a prisoner of war that was sent into Thailand to build railways for the Japanese and the story of that time, *Railroad of Death*, became a bestseller and was later to form the subject of *Return to the River Kwai*, a documentary made in 1969 for the BBC. After the war, and back in London, Coast became a manager and an impresario to such artists as Mario Lanza, Luciano Pavarotti, Jose Carreras, Jon Vickers and Montserrat Caballe. He was the first man to present Bob Dylan in London and take Ravi Shankar to the West.

Many elements covered in more dramatic recounts. Still shameful and needless suffering. Keen and colorful observations scrupulously and emotionally detailed.

A refreshing view of life on the job under the Japanese. This one written from the point of view of an officer - therefore priveleged. Amazing point of view - they didn't need to work! That was for the lower classes. Their oppressors didn't let them get away with it however, although overall their lives were not as bad as most.
