The Big Poster Book Of Hindu Deities: 12 Removable Prints

Synopsis

Following the success of his Little Book of Hindu Deities and Ramayana: Divine Loophole, illustrator Sanjay Patel selected twelve popular Hindu deities to feature in this gorgeous print portfolio. Each full-color poster shows off Patel's cute-meets-modern graphic style, bringing Ganesha, Kali, Shiva, and nine other gods and goddesses into a 21st century Technicolor world. Colorful, playful, and iconic, the posters will be equally at home on a dorm room wall, office cubicle, or framed in a living room or kid's bedroom. Each poster also includes a black-and-white concept sketch on the back, along with descriptive text about the pictured deity.

Customer Reviews

"...a stunning large-format portfolio of 12 removable full-color posters, each bringing a revered ancient deity into the modern Technicolor world in Sanjay's signature anime-inspired vibrant graphic style. Equal parts playful, iconic, and irreverently subversive, the prints are less about reinforcing religious ideology - okay, they're actually not about that at all - than they are about exploring cultural storytelling and tradition from a fresh, unusual angle meant to delight and inspire." - Brain Picking

"Patel's illustration style is quite original and forceful. A strong sense of design, the colors and nuances of the book are very delicate, and Chronicle Books has done a wonderful job of capturing these in the printing and layout." -Michael Sporn Animation

This is such a great value for some high quality prints. Combine them with some IKEA frames and instant style in these challenging economic times.

Adorable! I framed three of these and they make a perfect addition for my nursery. Be waned they are an odd size. I was able to fit them into an 11 x 14 opening, but it did mean I had to cover up some small pieces of the image which is closer to 12 x 15. I think it might fit better into an Ikea Ribba frame, but didn't have time to get those before the nursery needed to be done. Regardless, I love them and have already gotten a ton of compliments!

I saw these in San Francisco, in the chronicle book store. Forget to purchase them, looked them up on and they were priced much cheaper. I love the prints, they are sturdy and look great in a frame. Such a low cost for beautiful designs. I think he is coming out with a children's book soon too.

Super cool we framed the pictures for both our kids rooms

These prints are waiting to be framed. They are gorgeous. And a great price.

Great photos and yes plexiglass frames from ikea are perfect. Made our babies room. I just wish the explanations/stories of the gods were separate. Now that they are framed I can't read them.

Bought for my little girls room. Put into IKEA frames and they look awesome!

A lovely collection of poster-size illustrations of the Hindu deities. I gave it as a gift to a yoga teacher who plans to use the posters in her teaching. She is also sharing it with her 2-year-old, who recognized Ganesha right away! The illustrations are very contemporary and Pixar-ish, but they also contain traditional elements that link them to older representations of the Hindu deities. It is a beautiful and informative book.
