I am a big fan of Turkish food. Love the different spices and flavours that make it so delicious. Its such a variety of different recipes and cultures. The 25 recipes on here are all varied but taste amazing. The classic turkish fish soup was the first recipe I tried and it tasted great! My next recipe is the zesty garlic chicken wings which I cannot wait to try making, I love chicken wings and garlic. The instructions and ingredients in this book are easy to find and use which makes it great as a cookbook.

Turkish cuisine is by far one of my favorite ones when it comes to restaurants and takeouts. So I

wanted to throw a Turkish party and needed a good cookbook. This one turned out to be pretty excellent. I made some of the recipes and hubby liked kebab while kids fell in love with Turkish rice pudding. So I will definitely keep this one in my collection.

A very nicely written book on Turkish foods. The recipes in here are actually very delicious and healthy too. The author does a great job of listing the recipes into an easy to digest format. Well done. I'd definitely make some of these at a gathering next time.

This book contains a great collection of recipes for Turkish dishes. I have skimmed through the book and dishes sound delicious. My wife is Turkish and I go this book to cook something for her. I can certainly recommend this book.
