## Customer Reviews

Not using it, didn't know it was digital, my fault.

Expected a bit more....

Disappointed.

thought it was a book....what a laugh

I gave it one star because I think no star is not possible. The booklet say "how to paint trees" It only shows how to paint one ugly tree. Not even close to the one shown on this website. This to me is a misleading and a big disappointment. Not even worth the 99 cents.

Very good teference

Not bad but I believe my 10 yr old granddaughter could have written this. I kept going back to see if I had the whole book. I guess I did since it wants a review. All I can really say is its short & too the point. I'm still not sure I got the whole book! I'm terribly happy I got it thru the kindle unlimited program!!! If I'd have bought this book, well somebody would be getting a refund for it for sure!! Thank goodness is so great about that because I don't think they would care how angry I'd gotten. Read reviews first is my advice. I'm Terribly sorry it was so short because he had good ideas about drawing, just adding more than one tree to explain would have been so much better. Sorry & thanks for trying, g. Gassen

This is a book that tells you how to do ONE TREE. PATHETIC. TREE....NOT TREES. NOT WORTH THE CASH..RIPOFF. SHAME!!!!
