Customer Reviews

An excellent narrative style guide through the first two Wing Commander games, and the expansion pack for the first. For those of you that like behind-the-scenes, there is an interview with series creator Chris Roberts, and a look at how the storyline and game were made together. I still refer to it while replaying! :)

This is an excellent book for those still playing the first two Wing Commanders and their add-ons. Chock-full of hints and tips, with a narrative, it helps you utilize the best strategy to fully complete every mission.
