This is the indispensable guide to operation of a homeowners association in Florida.

Attorney Peter Dunbar is one of the most respected and frequently quoted authorities on matters relating to the laws governing condominiums and community associations. He has drawn on his more than 34 years of experience to write *The Condominium Concept*, *The Law of Florida Homeowners Associations* (with Charles Dudley), and *The Homeowners Association Manual* (with son Marc Dunbar). Dunbar served two terms as a member of Florida's Condominium Advisory Council and has been both its chair and vice chair. He is an adjunct professor at the Florida State University College of Law, where he teaches condominium and community housing law. He is a member of the American College of Real Estate Lawyers and serves as the legislative counsel to the Real Property, Probate, and Trust Law Section of the Florida Bar. Attorney Charles Dudley is in private practice in Tallahassee, where he is regularly involved with state lawmakers and policy administrators. He has consistently contributed to the development of laws affecting Florida

residential communities. He is coauthor with Peter Dunbar of The Law of Florida Homeowners Associations.

I wanted a book that I could quote HOA subject matter from. I wanted a book that I could copy information from and give it to concerned HOA members who would then have a better understanding on many subject matters. I wanted a book that was above a basic storybook. Well this is definitely NOT the book I needed or expected. I am embarrassed to pass this book on to friends and other acquaintances. Save your money. Don't even think about buying this book.

very good reference of florida HOA laws. presented out of order but in such a way to provide different sections of law that pertain to a specific question. I like it a lot.

It was full of useful information. Over all great book. From my source of recommendation I thought there might be more

Exactly what I ordered. Thank you. I will re-order as new editions arrive.

EVERY member and leader of every HOA in Florida needs to constantly refer to this essential, wonderful resource. Writing any book is a LOT of work, and the authors should know that their commitment to creating peace within communities is deeply appreciated!! THANK YOU FOR CARING!!

It important to keep informed.

The book rambles I believe it should follow the articles of Law numerically and explain them with additional insights

This book is a must for anyone living in an HOA in FL. Buy extra copies for administration as well as different committees. It gives residents knowledge about their rights and responsibilities. Most residents in HOA's think they have no rights against their community but it may not be the case. FL statute 720 is a powerful law that protects those rights. Knowledge is power.
