Customer Reviews

Paddington is thrilled to go to the beach with the Browns. He's never splashed in the ocean or built a sand castle. Outfitted with a new set of beach toys, Paddington seems ready for whatever comes his way. But the biggest surprise of all sweeps Paddington off on a new adventure. This Level One I Can Read will have beginning readers ready, willing, and able to follow this beloved bear anywhere.

Michael Bond began chronicling Paddington's adventures in his first book, *A Bear Called Paddington*, published in 1958. Fortunately, bears don't need much encouragement, and Paddington has since filled the pages of twelve further novels, a variety of picture books, and many other projects written for the young at heart. R. W. Alley has illustrated a number of books featuring

Paddington Bear. He lives in Barrington, Rhode Island, with his wife, author Zoë B. Alley.

for an emerging reader, some of the words were more difficult. These "I Can Read!" books are great; however, they do have more variety in vocabulary than other readers, such as the "Dick and Jane" series. Granddaughter is on Level 2 Dick and Jane (the green books), but still needs more help with the "I Can Read" level 1. she found this story engaging and read it several times.

good

I bought this for my grandson. Cute little story. I did not know the pages were static and in able to pinch/zoom in and out. Double tap the text and it is a bit bigger. I guess it's fine for young eyes. Hope he shots it.

Cute with nice illustrations

Adorable! I gave several of these books as gifts and will continue to do so! Thanks R.W. Alley for the 3D illustrations!

love paddington

I love it

I Can Read! is great to help kids find their current reading level. And with so many characters to choose from, you're sure to find one that fits your child's interest. I used these books when my kids started to read and they loved them. Paddington has been one of my favorite characters since I was a child. I can't remember exactly when I was introduced to him, but I can't help but think fondly of him to this day. In this latest Paddington novel, Paddington Sets Sail, the lovable bear falls asleep after a fun-filled day at the beach and wakes up to find he has been swept out to sea. Paddington's first trip to the beach turns out to be quite an adventure. Paddington Sets Sail is a great book for readers who are just learning to read. It has short sentences with words kids will easily recognize. Books about Paddington are always fun to read and kids will follow along excitedly as Paddington goes on his adventure. This is a great book to add to your children's library.
