Customer Reviews

The Lakes Region of central New Hampshire, the land of On Golden Pond hosts hundreds of thousands of visitors every year. Here's a beautiful collection of 50 nature walks to help them enjoy their vacations near Winnipesaukee, Squam, and other resort areas. Julia Older and Steve Sherman of Hancock, New Hampshire, have many books to their credit, including Nature Walks in Southern New Hampshire and Grand Monadnock.

The woodland trail descriptions contained in "Nature Walks" are excellent and very well detailed. My only major complaint with the book is that the directions given to arrive at the base locations are NOT accurate. I have used this guide on two trails and both times I found street names to be wrong, and measurements to be off greatly. The book does not differ between dirt and paved roads, so bring the book, but also bring a map. On a more positive note, I felt my hiking experience was greatly enhanced by the information in the book.
