Customer Reviews

Eva Moore has been writing and editing children's books for more than forty years. She is the beloved author of many popular books, and lives in Montauk, New York.

Bought it for local Boys & Girls club, in association with talking about Mr. Carver's many achievements.

After having my son read this book he became very excited about growing peanuts and told me everything he learned about sweet potatoes. This is a very good book about George Washington Carver. He was truly an amazing human being.

My 7 yr old loves this book. I even forgot she has it, till she pops up with interesting facts about the

book as quizzes for me. Guess I'll have to read it so I can respond to her. Great learning book for the both of us.

Very nice simple reading that was very helpful and enjoyable for my 19 year old's school project. I strongly recommend it.

I have wanted a copy of this book for a long time. This is my favorite bio of him, so far. I used to read it to my fifth grade classes before I retired. I usually cried.

This was a very good book, God worked wonders threw this guy. The book reminded me of how much we need to ask God for everything and ask Him to guide me even in the small things.

Excellent story and history

Excellent book. We did a book study on it (using a Unit Study approach) in our academic summer camp for 4-5th graders.
