Vitiligo. Vitiligo Causes, Remedies, Costs And Treatment All Included. The Complete Vitiligo Book.

Synopsis

Vitiligo is often a frustrating condition for patients and dermatologists alike, but things are definitely looking up. Newer treatments are more effective and have fewer side effects. Furthermore, research in the pipeline now is very promising – both in eliminating the causes of vitiligo and forming new approaches to its treatment. As a dermatologist, I find that Vitiligo patients who stay abreast of the science behind the disease understand it better and make the best decisions regarding treatment, diet, and sun health. This book provides the medical information needed as well as practical tips for managing the condition. I do hope this book is useful for patients and families. Some of the material may appear at first to be “too hard” to read – but this is vitiligo – a lifelong condition with many causes and many approaches to treatment. If I had one wish beyond a cure for vitiligo it would be for it to become as well-known as freckles so that little children wouldn’t feel the need to have printed cards explaining vitiligo to pass out to curious strangers. I hope this book answers all your questions about the disease. Covered in this book: - The skin - Diagnosis - Causes - Triggers - Associated conditions - Management - Remedies - Treatments - Vitiligo Community - Costs - Mental health ... and much more

Average Customer Review: 4.2 out of 5 stars 3 customer reviews

Best Sellers Rank: #620,539 in Books (See Top 100 in Books) #196 in Books > Medical Books > Medicine > Internal Medicine > Dermatology

Customer Reviews

This gave a great summary of vitiligo. My 4 year old was diagnosed with it last year and while the doctors don't recommend any treatments right now it's good to know what will be available when she is older and good to know more about the disorder in general.

Thorough

I love it
