Modern Judicial Interpretations Of U.S. Trade Secret Law

Synopsis

Modern Judicial Interpretations of U.S. Trade Secret Law is a detailed survey of the current judicial landscape of U.S. trade secret law. The book contains selected extracts from judicial opinions representing recent and respected interpretations of trade secret topics. Additionally, many selections were made due to the detail, insight and clarity of the opinion itself. Each selected extract normally fits onto a single page, but some extend onto two or more pages. Many trade secret topics are covered by more than one judicial opinion, with each opinion selected to address a different aspect of the topic or to provide a different judicial interpretation of the law. The book contains many important points concerning little-known or poorly understood areas of trade secret law and represents an important resource for any trade secret practitioner or litigator.

Book Information

Paperback: 174 pages

Publisher: DocuMech (February 3, 2010)

Language: English

ISBN-10: 0982485735
