These are wonderful books for the Disney pin traders. They offer valuable information how to choose which pins to collect for the serious collectors.

Love it

This is a paperback book FILLED to capacity with pins and their description. The authors do a nice job categorizing the pins and providing codes for how much the pins are worth. There is also a nice guide in the beginning explaining the history of pins and what to look for when collecting them. I've referred to it many times. It's a great book to have as a reference.

Great Experience! Thanks

I like the book as a reference guide. It is a bit overwhelming since it does contain so many of the pins available. Unfortunately what I do not like about it is the fact that if you have a pin and you are trying to find it in the book, it is difficult. There is no index that would list each page one character would be found on.

I have enjoyed located and rating my Disney Pins. The only problem I had was locating pins. The book needs to have more specific subsections. This will help you locate the pin you are looking. Overall I enjoyed using this tool to determine what ranking my Disney pins were.

This document is a comprehensive display of Disney pins. I don't know of another book that is as complete. offered the best price and provided prompt delivery
