Momnipotent: The Not-So-Perfect Woman's Guide To Catholic Motherhood

Synopsis

In *Momnipotent* (the book), Danielle Bean provides much-needed encouragement to all women. *Momnipotent* validates the dignity and importance of motherhood by helping mothers to recognize 8 uniquely feminine strengths, and how to use those strengths to find peace, purpose, balance, and joy in being the woman God created and called them to be.

Customer Reviews

Momnipotent offers practical and honest encouragement to every mom who finds herself in the trenches of domestic life. I'm grateful to Danielle for her courage to openly address the issues that every mother struggles with, even if no one wants to admit to it! If you sometimes question your own sanity as a mom, read this book and you'll find comfort in knowing you're not alone. --Crystalina Evert, speaker, author, and founder of Women Made New
In true Danielle Bean fashion, this book is a balm for the weary mother's soul. It will bring hope and encouragement to any mom who's ever uttered the words, I can't do this. --Hallie Lord, blogger, editor and author of *Style, Sex, and Substance*
Momnipotent isn't just a book for moms. It's a book for every woman. No matter what your station in life, in the pages of Danielle Bean's book, you'll see yourself your struggles, your fears, your insecurities, and your desires. You'll also find wise guidance for overcoming those struggles, realizing those desires, and becoming the woman God made you to be. --Emily Stimpson, author: *These Beautiful Bones: An Everyday Theology of the Body*

Danielle Bean, mother of eight, is editor-in-chief of Catholic Digest. She is also author of *My Cup of Tea: Musings of a Catholic Mom*, *Mom to Mom*, *Day to Day: Advice and Support for Catholic Living* and (with Elizabeth Foss) *Small Steps for Catholic Moms: Think. Pray. Act. Every Day*.

What an excellent book. Danielle truly captures the daily struggles of moms without being whiny and hopeless or offering annoying, condescending advice. Instead she's upbeat, admits her struggles in a humorous manner, and she's relatable. I'd recommend this book to any mom, not just stay at home moms or Catholic moms. By far one of the best books I've read.

This book really reads like sitting down to cup of coffee with a good friend! It is a lovely look into the "magic" or mystery of being a mother--what makes mom so irreplaceable in the hearts of her children. "Mother" is not just limited to biological motherhood, but also includes adoptive mothers and feminine nurturing outside of the family. At the end of each chapter there is a short, fun quiz. I really enjoyed this book. It makes a great Mother's Day gift or even a shower gift for a new Mom. It shows how influential and significant a mom is to those she nurtures.

This book is a lot of simple advice. Nothing mind blowing, but more a good way to refocus your mind where it should be. As mom's it can be very easy to get caught up in the day to day life and forget our bigger purpose. This simple book helps remind us why we do what we do

There are plenty of motherhood books out there but this one is truly the best I've come across. Fun to read and easily written it covers a wide range of emotional and spiritual challenges faced in motherhood. So different from the typical books I've come across telling the weary mother that "it's ok God's love is enough" The author gets real and honest about how to thrive in your "momnipotence" finding joy and peace in the role God choose for you.

Love this book. It's my "go-to" for Catholic mom-ing. I've read it several times. Very real and encouraging advice!

Nice beginning bible study

Empowering & beautiful! This book was exactly what I needed, as a mother, as a wife, and as a daughter of God. Very well written - I'm so glad I purchased this book.

Fantastic! Hits all the issues we moms deal with no matter whether we are just starting out or have been going at it a while-- written in such a witty, true to life way couldn't put it down! Hope she does another one like this!
