Customer Reviews

Bonnie is awakening to her magic. Elena is finding that love mirrors hate and that truth is what keeps love alive. well, alive in a sense

I read this book in about 2 days. I liked it, but it needed to be longer for me. Like combining this and the 1st book together and the other 2 books together. I gave it a 4 because, well, watching the show before reading the books throws you off. Everything is different in some way. I love the show, I'm obsessed with it. The books are good too, but read before you watch. Otherwise it gets confusing.

Thank goodness for the TV show because these books weren't worth the money or the waste of my time. Please refund thank you.

Love this book sooo much! My favorite characters in the history of books!

Great book

It was a great book and it was like the show but not exactly like its own story can't wait to finish the next one

I just can not put these books down, I'm officially a fan of L.J. Smith! Beautifully written and very detailed.

It is a great book and even a great gift to get your friends if they're into vampire stuff. After watching the TV series and reading the books it seems backwards but it should've been the other way around for the Tv series to be messed up. I do hope that Caroline ends up with Klaus, Stephan with Rebecka, Jeremy with Bonnie, and Elena with Damon:))!! I recommend this book for any Vampire Fan! Will buy more for myself since I gave the others as gifts.
