Customer Reviews

This is a suggested book for our history homeschool curriculum (History Odyssey Middle Ages Level 2), and being out of print can make it hard to find. My son is 12 and is really enjoying this book. The pictures and captions draw him in and he tends to read more than what is just required for the assignment. We've found some links that are no longer working, but when dealing with an out of print book it is to be expected. The Usborne site is fantastic for finding more or alternative links which often leads us further in our studies of the middle ages.

Good clean copy. Very interesting and full of information. We are pleased. Perfect for our study during the time period of Vikings. We are always glad we have an Usborne resource on hand.
