Reinventing Organizations: An Illustrated Invitation To Join The Conversation On Next-Stage Organizations

Synopsis

The uplifting message of *Reinventing Organizations* has resonated with readers all over the world, and they have turned it, one conversation at a time, into a word-of-mouth phenomenon. The book has helped shift the conversation from what's broken with management today to what's possible. It is inspiring thousands of organizations—corporations and nonprofits, schools and hospitals—to adopt radically more powerful, soulful, and purposeful practices. The book resonates widely, but not everyone has time to devote to a dense 360-page management book. This illustrated version conveys the main ideas of the original book and shares many of its real-life stories in a lively, engaging way. Don't be surprised if you find it hard to put down and end up reading it almost in one sitting. Welcome to the conversation on next-stage organizations!

PRAISE FOR THE ORIGINAL EDITION OF REINVENTING ORGANIZATIONS "A stimulating and inspiring read!" -Robert Kegan, Harvard University's Meehan Professor of Adult Learning and author of *In Over Our Heads* "Everything you need to know about building a new paradigm organization!" -Richard Barrett, chairman and founder of the Barrett Values Centre "Congratulations on a spectacular treatise." -Ken Wilber, author of *A Brief History of Everything* "Ground-breaker! Game-changer! Brilliant!" -Jenny Wade, Ph.D., author of *Changes of Mind* "Frederic Laloux has done business people and professionals everywhere a signal service." - Bill Torbert, author of

Action Inquiry "The most important and inspiring business book I've ever read." -Tony Schwartz, author of *The Way We're Working Isn't Working* "A book like *Reinventing Organizations* only comes along once in a decade." -Norman Wolfe, author of *The Living Organization* "Frederic Laloux is one of the few management leaders exploring what comes next. It's deeply different." -Bill Drayton, founder, Ashoka: Innovators for the Public

I read the original *Reinventing Organizations* and was immediately hooked by the idea of organic/self-managing organizations/systems. This illustrated guide distills the theories and lessons from that book and presents them in an easy-to-digest format. I am buying copies for many of my peers as we look to advance our organization into a more effective model.

Have you ever wondered why organizations are structured and work as they do? Why people feel bad at work and what could you do in order to boost performance and happiness? Read this book with a thought. It's definitely a profound reading. Highly recommended.

The book opened my new perspective on how modern organization should be and answered my suspicion about typical hierarchy or organization solution that could never solve some modern organization problems!

The future of work. If you're smart, you'll start to figure out how to implement the frameworks described in the book. If not; you're staff will find an organization that does.

Great book and easy reading. I started with this one, followed by listening to the audio book and I'll close by reading the full book!!!

Much easier to absorb and make practical, a great idea to create this as a companion to the longer, more dense version.

Every business person should read this

Fantastic book for open minded company leaders
