Customer Reviews

Someone just printed out a website. It would have been just as easy for me and also free if I had just visited that website.

No pictures inside. It's just text only.

so useless do not buy !! tiny little book maybe 20 pages ???

It is ok. I wouldn't say it is as good as previous version Pokemon guides

My grand kids found this guide to very interesting and helpful

DO NOT BUY! This is in no way, shape, or form a guide! This is some very strange "journal" under the guise of a strategy guide. This should be removed from 's market place as it is very blatant false advertisement; someone is clearly trying to take people for a \$0.99 ride. Requested refund/return.

This was not a guide! I have no idea what the heck this was but there is no way that I got a guide. What I received was a few pages of some strange journal. I really hope that this was some sort of mistake. I requested a refund. Sad.

It was ok if you're just coming to the Pokemon franchise. However I was looking for a complete guide. Not much else to say about it.
