Delightful book! Each song is presented with chords and melody in standard musical notation, which is very helpful if you don't know the tunes. With 100 carols there are many that I've never heard before. And most songs include as many as four additional verses. THis book will keep you learning for many Christmases to come.

I love the huge selection of carols, and the arrangements are very pretty without being too difficult to play. (I would rate myself an advanced beginner.) This will be a favorite every Christmas!

Be aware these are almost all Christian-based songs. I thought that, with 100 songs, there would be some interesting and/or unusual holiday songs. I'll be giving this one away.

As a beginner, I find most of the carols with which I am familiar, fairly easy to play. I like the fact that the opening note is included

Please note these are Christmas Carols only- which are religious in nature. The carols include chord diagrams, melody lines, and lyrics. They can be played by just strumming the chords while singing or as instrumental pieces by substituting chords for the melody note that belongs to that chord either by flatpicking, or clawhammer style fingerpicking, or simply playing together the melody note and another note in that chord.
