I have been quite ill for almost 2 yrs. CFS, adrenal fatigue and hypothyroid. (I have seen every doctor known to man & tried everything they have told me) I know D'Adamo originally wrote this diet but Christiano's research over the last 12 yrs has really added a lot. Why do you need food allergy testing when it's already been done for you?! Do yourself a favor and get this book. I have felt so much better in just two weeks!!! I also ordered his cleansing supplements (from his website) to go along with it. I'm striving for optimal health.

I use his books and products. Bought this for a friend.

I didn't hear about eating according to blood type prior to seeing the author on "Your World with Creflo". I decided to purchase the book myself because I was intrigued. I couldn't put down. I felt I found a missing link. Furthermore, I am excited to implement what I've learned and look forward to seeing the results.

This is a great resource written from a Christian perspective. Very useful. Much has been written before on the subject but it's good to see it from a Christian perspective.

Some new tips. Stopped chicken years agodoing so got me off getting 3 allergy shots every other week and no longer needed my 3 inhalers for asma

This book is good if you can really make all the changes. I can't do them all but I have benefitted from the ones I chose.

There were many things that I did not feel the explanation was sufficient. I have read his book on each Blood type there were too many similarities.

Book is in excellent condition. I'm learning some more good stuff regarding my weight loss.
